Master Plan Public Workshop Announcement

Time: 6:00 PM

Future Land Use Planning Workshop

The second in a series of discussions regarding the future of Mackinaw City and the new Master Plan.

The Mackinaw City Planning Commission would like to know where you want growth to happen over the next 20 years. We've been listening to your goals for the Village, now we want to know more about how the Village should look in 20 years. We'll have a facilitated discussion and mapping exercise to determine where future residential, commercial, recreational, and other growth should occur and what areas should be preserved.

Roll up your sleeves and join us!
